# Sod Roller

**Install Large Sod Rolls with your mini!**

### Specifications

**Weight:** 115 lbs.

**Sod Roll Width:** Handles 24" - 48" rolls

**Sod Roll Weight:** Maximum of 2000 lbs.

**Retail Price:** \$1190

The Sod Roll Layer by Forkster is specifically designed for installing large sod rolls utilizing the Forkster lifting chassis. Mini skid owners can now enjoy the labor and time savings of installing large rolls of sod.

The Forkster easily lifts large rolls from ground or truck height, and installs the roll as quickly as the operator can drive.
